#### Problem – Solution Fit Template:

Problem-Solution Fit means identifying a real problem faced by the target customer and ensuring that the proposed solution addresses that problem effectively. For FitBuddy, the focus is on understanding the difficulties users face when creating and following personalized workout routines and providing an AI-based solution that fits their fitness goals and preferences.

#### Purpose:

- ☐ Identify the fitness-related problems faced by the target customers.
- ☐ Understand customer needs, limitations, existing solutions, and workout behaviors.
- ☐ Identify the triggers and situations that make users look for personalized fitness guidance.
- ☐ Develop a solution that fits the customer's fitness goals, preferences, workout intensity, and need for nutrition and recovery guidance.
- ☐ Understand the existing fitness situation in order to improve it for the target users.

#### Template:
